Customized Whole

Buying a customized whole gives you the opportunity to have the entire bison processed to your desired specifications, this also is a great value for your money. You will need to fill out an order form that will instruct the butcher on how to process your order. You will have the opportunity to choose any of the cuts available in our pricing chart on the front page. A customized whole is sold by the carcass hot hanging weight (HHW) at \$5.45 per pound + butcher's processing fee = your total cost. When choosing a customized whole, we can only estimate your total cost and amount of meat until pickup or delivery. You may pick up your order from the butcher, or delivery can be arranged. For all deliveries there will be a base fee of \$70 plus \$1.50 per mile (one way) outside of New Rockford, ND. Please don't hesitate to contact us with any questions.

About us & our farm!

We are a small family farm near New Rockford, ND, raising our family, bison, a garden, and a few different non GMO crops. We have great respect for the American Bison, who roamed these plains for thousands of years before our arrival, and we embrace our responsibility to be good stewards of them and the land. Our bison are raised from birth on our farm. It is our duty, and goal to give our bison the best quality of life that we possibly can, and happy, healthy bison are essential to our second goal: to provide our customers with top quality, great tasting meat, raised without the use of antibiotics, hormones, or GMO's. We offer both non GMO grain finished meat, and 100% grass fed meat.
